Important to All Women Readers of This Paper

Thousands upon thousands of women have kidney or bladder trouble and never suspect it.

Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease.

If the kidneys are not in a healthy condition, they may cause the other organs to become diseased.

You may suffer a great deal with pain in the back, bearing-down feelings, headache and loss of ambition.

Poor health makes you nervous, irritable and may be despondent; it makes any one so.

But thousands of irritable, nervous, tired and broken down women have restored their health and strength by the use of Swamp-Root, the great Kidney, Liver and Bladder Remedy.

Swamp-Root brings new life and activity to the kidneys, the cause of such troubles.

Many send for a sample bottle to see what Swamp-Root, the great Kidney, Liver and Bladder Remedy will do for them. Every reader of this paper, who has not already tried it, may address Dr. Kilmer & Co., Binghamton, N. Y., and receive sample bottle free by mail.

You can purchase the regular fifty-cent and one-dollar size bottles at all drug stores.

THE WELCH FIRE LOSSES SETTLED

Insurance Companies Pay \$41,000 For Stock—New Store Planned.

An adjustment of the fire losses on the E. B. Welch company furniture store has been made and the entire stock will be taken over by the insurance companies in which the Welch company held policies. The amount of the losses as adjusted by the insurance representatives is \$41,000.

With this as a basis of settlement the companies take over the entire stock and will dispose of it through the Underwriters' Salvage company which has sent a representative from Dallas to El Paso to take charge of the stock and dispose of it as soon as possible.

W. D. Slaton, of Dallas, is the adjuster who arranged for the final settlement after the matter had been pending for the past six weeks.

It is understood that the Welch company will soon occupy the same building with a complete new stock of furniture and house furnishings.

special real estate edition, besides an unlimited flow of talk for the capital of the new state.

Bill Burro, the official mascot of the Phoenix lodge, was to have been brought along by the Phoenixians but the baggage car was so crowded with life preservers that there was no room for Bill.

Redond Tooney, railroad contractor and son of the Auld Sod, was fined \$20 gold just before the special reached El Paso for violating rule G, which required each member to appear in the parade at Phoenix the night before in white trousers and socks and shoes of the same color.

The Phoenix Elks' special is the largest and finest of any sent to the Detroit convention from a city the size of Phoenix.

G. P. Driscoll, past exalted ruler of No. 335, was the official delegate on the train from the Phoenix lodge.

"A-R-I-Z-O-N-A" was the yell and a purple ribbon with "Phoenix, Arizona" the badge of the pilgrims. White hats, blue serge coats, white trousers and shoes was the official uniform of the Arizona Elks.

NEW STAR IN GRAND OPERA WORK

New York, N. Y., July 7.—"Mr. Gatti-Casazza says I must sing at the Metropolitan opera house, so I suppose I will have to," said Miss Alma Gluck when she arrived here on board the Provence, of the French line. Three weeks ago she went to Paris to sing at the "big gig" from her contract with the

Metropolitan, on the ground that she feared she would have stage fright when she appeared next season on the boards of the big opera house.

"I wanted to spend a year or two in the smaller opera houses," Miss Gluck said, "so that I gradually could become accustomed to big audiences. I asked Mr. Gatti-Casazza to let me off for one year at least, and two if possible. He only laughed at me."

Miss Gluck, who is a soprano, sang the role of Mimi in "La Boheme" with Mr. Caruso, in Boston, last season, and with such success that she was informed that she was to appear in leading roles in New York next season. The prospect made her nervous.

CHINESE MINISTER TO MEXICO HERE

While here, a number of prominent Chinese residents of El Paso called on him. He is en route to San Francisco, where he will take passage for China.

RAIN FALLS IN THE EASTERN PART OF CITY.

It was making a desperate effort to rain down town Wednesday evening, Jupiter P. was working overtime on the highlands and gave the Government Hill folks a shower that was a shower. As the wind was coming from that direction the suburbanites claim that the entire city was cooled as a result of the showers out there and everyone owes them a vote of thanks for the fine night's sleep. There was a heavy rain at Washington park.

HUDSPETH TO URGE A SCHOOL OF MINES

Senator C. B. Hudspeth expects to introduce his bill revising the mining laws of the state of Texas and also one providing for the establishment of a school of mines at El Paso at the special session of the legislature, called for July 15. The special session was called by governor Campbell to repeal the insurance law but it is expected that other legislation may be taken up. If this is done senator Hudspeth will make an effort to have his two peg bills passed.

Mrs. C. E. Hefflen and children of 1915 Boulevard left this morning for Long Beach, Cal., for the summer.

Hawkers Want Licenses.
When the city clerk announced that he had on hand 25 applications for hawkers' licenses, nearly all being renewals, it brought alderman Blumenthal to his feet.

"I think that the council should either not issue them licenses and make them get off the streets, or else give them licenses and let them remain there," he said.

"I should think it would be well to refer them to the police commission and chief of police, and, where the hawkers are reported as retarding traffic and interfering with pedestrians, to annul their license," said alderman McGhee.

"As I understand it, no new permits are to be issued," said alderman Clayton, "and it is left to the judgment of the council whether to continue the old ones or revoke them if they are proving objectionable."

Mayor Robinson thought that the needy ones, such as cripples, etc., should be allowed the privilege of making a living. The granting of the licenses was put over, however, pending further investigation.

Street Improvements.
City engineer Todd filed his report of the acceptance of the street improvements in Mundy Heights, which were held up from last week. The council referred the report to the city attorney.

Final estimates on the construction work on East Rio Grande street and building a driveway to the Mesa hose station were also submitted and warrants ordered drawn for the amounts specified, subject to the approval of the city attorney. The council then adjourned.

Hall the Next Sheriff For El Paso

Now that the prize fight is over interest is being taken in the approaching election. The interest seems to be centering on the race for sheriff and every day the chances of the reelection of sheriff Hall are brighter. In fact it is not a question now of his election. It is just a question of his majority.

The first time F. J. Hall ran for sheriff his majority was about 600, the second time it was over 1000, and now his friends predict that he will have a majority of about 1500 when the votes are counted after the coming election. Despite the fact that Mr. Hall will be re-elected he and his large number of friends are working to see just how large a majority he can receive. Today

there is not a county official that has a larger circle of friends than sheriff Hall. His friends are working day and night and one of the often heard good things you hear of sheriff Hall is that he never forgets his friends just as soon as the election is over. To Mr. Hall his friends are his friends in or out of a campaign.

Mr. Hall returned from the eastern part of the county this morning and reports everything looking good and if he does not poll a large percent of the votes in the eastern part of the county, he is going to be very much disappointed.

Even those who are not working for Mr. Hall in this race are for him because his record in office has been so clean and fair. The records will show and the prisoners will testify that they were accorded excellent treatment, that the best sanitary conditions have prevailed and that the expenses in keeping up the jail have been very modest during his term of office and will further show that a jail delivery was unknown during his term.

The few who are not for the reelection of Mr. Hall cannot object to his method of making the campaign because it has been conducted in a quiet and gentlemanly manner and every day he is making new votes while his friends are doing likewise.

The fact that Mr. Hall has proved to be one of the best officials in the history of the sheriff's office entitles him to reelection, is the assertion made by his friends, because a good sheriff is a very important office for the welfare of any county. Mr. Hall's record as chief of police of El Paso is also doing him much good in the present race because those who had dealings with him are reported as saying that he was fair and square with all, having no friends to reward or enemies to punish.—Adv.
